$\S 67.30-10$ Sound signals.

- (a) The owner of a Class "C" structure shall install a sound signal if:
- (1) The structure is erected on or adjacent to the edge of a:
 - (i) Navigable channel;
 - (ii) Fairways; or
 - (iii) Line of demarcation; and
- (2) The District Commander decides it is necessary for the safety of marine commerce.
- (b) Sound signals required by paragraph (a) of this section must have rated range of at least one-half mile, unless the District Commander prescribes a greater rated range, not to exceed 2 miles.
- (c) The owner of the structure shall operate the sound signal required by paragraph (a) of this section whenever the visibility in any direction is less than 3 miles, unless the District Commander establishes a greater or lesser distance of visibility, not to exceed 5 miles.
- (d) Class "C" structures may have sound signals if:
- (1) Authorized by the District Commander under the provisions of Subpart 66.01 of this subchapter; and
- (2) The sound signal meets the requirements of §67.10–1 (a) and (b).

Subpart 67.35—Applications

§ 67.35-1 Procedure.

- (a) An application, on Coast Guard forms which will be provided by the District Commander upon request, shall be submitted for each private aid to navigation for which a permit is required to establish, operate, move, change or discontinue, except as modified in this subpart.
- (b) An application on the prescribed form shall be submitted to the District Commander for each structure to be equipped with obstruction lights and/or sound signals if the structure is to remain in place six months or more. An application may be made by letter for each structure to be so equipped if the structure is to remain in place less than six months.
- (c) One application form only shall be submitted to the District Commander to cover a group of unlighted buoys or daybeacons.

§ 67.35–5 Contents of application.

- (a) All applicable items of the prescribed forms shall be completed. A brief descriptive print of the structure or aid to navigation involved shall be furnished with the application, together with a location plat or chart section. When Lambert coordinates are used to plot the position of the aid, the plat or chart shall be annotated to show latitude and longitude of the proposed aid to navigation, except when the position has been described by reference to one or more horizontal angles, or by the bearing and distance from a charted landmark.
- (b) Each application shall have appended to it a list showing the type, model, name and address of the manufacturer of the lighting apparatus and sound signal equipment to be used.
- (c) Each application shall always specify the date the proposals contained therein are desired to be effective, and approval thereof must be obtained before the proposed action is undertaken.

§ 67.35-10 Private aids to navigation.

See §67.15–10(b) for review of applications respecting private aids to navigation for spoil banks, artificial islands and dredged channels.
